PLNL HOSTS SOLUTIONS TO PLASTIC POLLUTION ART & CRAFT COMPETITION

In commemoration of World Environment Day 2023, the PLNL HSSE Environmental Committee hosted an Art and Craft competition under the theme "Solutions to Plastic Pollution," at the Orange Valley Government Primary School (OVGPS) during the month of June.

The competition which was open to students from Standard One to Standard Four levels, required participants to create an original art or craft piece which reflected the theme "Solutions to Plastic Pollution."

Approximately 100 submitted entries were adjudged by a panel of PLNL personnel comprising members of the HSSE environmental sub-committee. The prizegiving ceremony was held on Thursday 6th July at the Orange Valley Government Primary School.

All participants received tokens and special prizes were awarded to the top three students from each level. PLNL Human Resources and Communications Manager, Lorraine Charles, commended and congratulated the students, teachers and parents for their interest, support and participation.

Winners pose with their class teachers and Principal, Rennie Balroop.
