## 2023 SEA TREAT

On Friday 24th March 2023, PLNL treated the students of the Standard Five Classes of the Orange Valley Government Primary School with cupcakes and ice-cream. Manager, Human Resources and Communications, Lorraine Charles, had the opportunity to engage with the students and wish them the best in the upcoming SEA examination on 29th March 2023.

## KITCHEN GARDEN UPDATE

In June 2022, PLNL partnered with Habitat for Humanity Trinidad & Tobago (HFHTT) for the delivery of three Employee and Community based "Home Gardening" Workshops. One of those sessions was specifically for the Orange Valley Government Primary School and catered to 30 4H Club members from Standards Three, Four and Five. The seedlings that were distributed have been nurtured by the students under the supervision of their teachers and have flourished into a thriving kitchen garden. At a recent visit to the school, we were able to capture some photos of their progress.

Mrs. Sita Hosein-Ragoonanan and her class show off their crops.
